

The SAMRC's Division of Research Capacity Development (RCD) is a well-established research funding division that runs streamlined funding programmes to support the growth of health research capacity, by offering multiple strategic capacity development grants in the national research priorities and directly contributing to National Targets for research capacity development as well as transformation. The strategic goal # 4 of the SAMRC is “building sustainable health research human capacity in South Africa”. The RCD Division runs two funding portfolios namely: the Research Grants Portfolio and the Scholarship Portfolio.

REQUEST FOR APPLICATIONS – RCD SCHOLARSHIP PROGRAMMES

Programme caters for: PhD students and Masters (in scarce skills and emerging areas). Scholarships include stipend and tuition; and in some programmes tuition fee, protected time and/or research project funds.
