

MeDDIC Stakeholder Forum

The SAMRC and TIA invite you to attend the MeDDIC Stakeholder Forum 2026.

a strategic engagement bringing together key stakeholders from across South Africa's medical device and diagnostics ecosystem.

This Forum will serve as a collaborative platform to foster meaningful partnerships, share insights and sector developments, and advance dialogue on innovation, manufacturing, and commercialisation. Through collective engagement, the event aims to strengthen alignment across the ecosystem and support the growth of a sustainable, competitive, and locally driven medical device and diagnostics sector.

The MeDDIC Stakeholder Forum 2026 will be hosted as an official side event of South African Innovation Week (SAIW), aligning with the national platform dedicated to advancing innovation and showcasing South Africa's science, technology, and industrial capabilities.

Johannesburg (TBC)

17 March 2026

08h00 – 17h30

Kindly RSVP by 10 March 2026
