Speaker: Dr Lehana Thabane

Dr Lehana Thabane is Vice President of Research of St. Joseph's Healthcare Hamilton and St. Joseph's Health System. He is also the Scientific Director of The Research Institute of St. Joe's Hamilton and a Professor in the Department of Health Research Methods, Evidence, and Impact (HEI) at McMaster University.

He has held numerous academic roles as a biostatistician. He led the Biostatistics Unit at St. Joe's until his appointment to the Hospital's leadership team. He remains actively engaged in healthcare research, with over 82 000 citations as of October 2025. Dr Thabane was recently elected to the prestigious World Academy of Sciences.

Dr Thabane's commitment, passion and dedication to academic excellence and evidenced-based impact on patients, as well as his extraordinary passion and aptitude for mentoring others, beautifully aligns with the mission and values of St. Joe's.
